### INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and  
Members of the Township Committee  
Township of Lebanon  
County of Hunterdon, New Jersey

I have audited the accompanying balance sheets-statutory basis of the various funds of the Township of Lebanon as of December 31, 2010 and 2009, and the related statements of operations and changes in fund balance-statutory basis for the years then ended and the related statement of revenues-statutory basis and statement of expenditures-statutory basis of the various funds for the years then ended. These financial statements are the responsibility of the Township of Lebanon's management. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted my audits in accordance with generally accepted auditing standards in the United States of America; audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and Government Audit Standards, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

As described in Note 1, the Township of Lebanon prepares its financial statements in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles. The effects on the financial statements of the variances between the statutory basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In my opinion, because of the Township's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with generally accepted accounting principles in the United States of America, the financial position of the Township of Lebanon at December 31, 2010, and 2009, or the results of its operations.

-Continued-

However, in my opinion, the financial statements-statutory basis referred to above present fairly, in all material respects, the financial position-statutory basis of the various funds of the Township of Lebanon, as of December 31, 2010 and 2009, and the results of operations and changes in fund balance-statutory basis of such funds for the years then ended and the statement of revenues-statutory basis and statement of expenditures-statutory basis of the various funds for the years then ended, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, I have also issued my report dated May 4, 2011, on my consideration of the Township of Lebanon's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance with the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with "Government Auditing Standards" and should be read in conjunction with this report in considering the results of the audit.

My audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The information included in the supplementary exhibits listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audits of the financial statements mentioned above and, in my opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1 to the financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and  
Members of the Township Committee  
Township of Lebanon  
County of Hunterdon, New Jersey  
Glen Gardner, New Jersey 08826

We have audited the financial statements of the Township of Lebanon in the County of Hunterdon, State of New Jersey, as of and for the fiscal year ended December 31, 2010 and 2009, and have issued our report thereon dated May 4, 2011, which indicated that the financial statements have been prepared on an other comprehensive basis of accounting. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Governments Services, Department of Community Affairs, State of New Jersey.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

-Continued-

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management, the Mayor and Members of the Township Committee, and to meet filing requirements for filing with the Division of Local Government Services, and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## **NOTES TO FINANCIAL STATEMENTS**

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 1: SUMMARY OF SIGNIFICANT POLICIES**

**A. Reporting Entity**

GASB Statement No.14 established criteria to be used to determine which component units should be included in the financial statements of the oversight entity. The Division requires the financial statements of the Township to be reported separately.

The financial statements of the Township of Lebanon include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as The financial statements of the Township do not include the operations of the Board of Education.

**B. Description of Funds**

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America(GAAP).

The accounting policies of the Township of Lebanon conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Lebanon accounts for its financial transactions through the following separate funds, which differ from the fund structure required by GAAP.

**Current Fund**

Resources and expenditures for governmental operations of a general nature, including State grants for operations.

**Trust Funds**

Records the receipts, disbursement and custodianship of monies in accordance with the purpose for which each account was established.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 1: SUMMARY OF SIGNIFICANT POLICIES (Continued)**

**B. Description of Funds (Continued)**

**General Capital Fund**

The receipts and disbursement of funds for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund. General bonds and notes payable are recorded in this fund offset by deferred charges to future taxation.

**Public Assistance Fund**

Receipt and disbursements of funds that provide assistance to certain residents of the Township pursuant to the provisions of Title 44 of New Jersey statutes.

**General Fixed Assets Account Group**

To account for all fixed assets of the Township. The Township's infrastructure is not reported in the group.

**C. Basis of Accounting**

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant policies in New Jersey follow.

A modified accrual basis of accounting is followed with minor exceptions.

**Revenues**--are recorded as received in cash except for certain amounts which are due from other governmental units. Receipts from State grants are realized as revenue when anticipated in the Township budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Township which are susceptible of accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 1: SUMMARY OF SIGNIFICANT POLICIES (Continued)**

**C. Basis of Accounting (Continued)**

**Expenditures**--are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

**Property Tax Revenue**--Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, Open Space and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1.

The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally.

If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid to the County by the Township quarterly on February 15, May 15,

August 15 and November 15. Open Space Levy, to be paid quarterly to the Township's other trust funds, on February 15, May 15, August 15 and November 15. When unpaid taxes or any municipal lien, or part thereof, on real property remains in arrears on April 1 in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall, subject to provisions of the New Jersey Statutes, enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Township.

In accordance with the accounting Principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP required tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 1: SUMMARY OF SIGNIFICANT POLICIES (Continued)**

**C. Basis of Accounting (Continued)**

**Deferred School Taxes**--A portion of the school taxes collected at December 31 relating to the period January 1 to June 30 of the subsequent year have been included in fund balance. GAAP requires such revenue to be deferred and recognized in the accounting period when it becomes susceptible to accrual.

**Foreclosed Property**--Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

**Interfunds**--Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

**Inventories of Supplies**--The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

**General Fixed Assets**--In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the municipality develops a fixed asset accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value.

No depreciation is to be provided for in the financial statements. Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 1: SUMMARY OF SIGNIFICANT POLICIES (Continued)**

**C. Basis of Accounting (Continued)**

**Budget and Budgetary Procedures**--The foundation of the New Jersey local finance system is the annual cash basis budget required under the Local Budget Law (N.J.S.A.40A:4-1, et seq.). Every local unit must adopt a budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed budget must be certified by the Director of the Division ("Director") prior to final adoption. The normal budget calendar begins early in the fiscal year with introduction, public advertisement and after state approval, budget adoption. The cash basis for revenues and budgetary basis for expenditures is the budget basis of accounting.

The Township is not required to adopt budgets for the following funds:

**General Capital Fund  
Public Assistance Fund  
Trust fund**

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption, must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board, may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality.

During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Government Body. Expenditures may not legally exceed budgeted appropriations at the line item level.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 1: SUMMARY OF SIGNIFICANT POLICIES (Continued)**

**C. Basis of Accounting (Continued)**

**Expenditures**--Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations at December 31, are reported as expenditures through the establishment of appropriations reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

**Tax Appeals and Other Contingent Losses**--Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

**Deferred Charges to Future Taxation Funded and Unfunded**--Upon the authorization of capital projects, the Township establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A.40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

**Comparative Data** - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the municipality's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

**Use of Estimates**--The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

**Note 1: SUMMARY OF SIGNIFICANT POLICIES (Continued)**

**C. Basis of Accounting (Continued)**

**Departures from Generally Accepted Accounting Principles**--The accounting principles and practices followed by the Township differ generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

- Taxes and other receivables are fully reserved.
- Interfund receivables in the Current Fund are fully reserved.
- Unexpended and uncommitted appropriations are reflected as expenditures.
- Overexpended appropriations and emergency appropriations are deferred to the succeeding years' operations.
- Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.
- Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

It was not practicable to determine the effect of such difference.

**Statutory-Basis Financial Statements**--The GASB Codification also defines the financial statements of a governmental unit to be presented to be in accordance with GAAP. The Township presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

**Note 2: CASH AND CASH EQUIVALENTS**

**Deposits:**

New Jersey statutes require that municipalities deposit public funds in public depositories located in New Jersey, which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. Municipalities are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 2: CASH AND CASH EQUIVALENTS (Continued)**

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Pursuant to GASB Statement No. 40, "Deposit and Investment Risk Disclosures" ("GASB 40"), the municipality's accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the municipality would not be able to recover the value of its deposits or investment). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized or collateralized with securities held by the financial institution's trust department or agent but not in the government's name. At December 31, 2010, all of the municipality's deposits were collateralized by securities held in its name and, accordingly, not exposed to custodial credit risk. The municipality does not have a policy for custodial credit risk.

As of December 31, 2010, cash and cash equivalents of the municipality consisted of the following:

	Cash and Cash Equivalents	Total
Checking	<u>\$ 9,794,837</u>	<u>\$ 9,794,837</u>

The carrying amount of the municipality's cash and cash equivalents at December 31, 2010, was \$9,794,837 and the bank balance was \$9,755,565. All bank balances were covered by federal depository insurance and/or covered by a collateral pool maintained by the banks as required by New Jersey statutes. Of these bank balances, \$514,338 was covered by federal depository insurances and \$9,241,227 was covered by collateral pool.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 2: CASH AND CASH EQUIVALENTS (Continued)**

**Investments**

Pursuant to the Enabling Act, the funds of the municipality may be invested in any direct obligations of, or obligations as to which the principal and interest thereof is guaranteed by, the United States of America or other obligations as the municipality may approve.

In order to maximize liquidity, the municipality utilizes the New Jersey Cash Management Fund ("NJCMF") as its sole investments. The NJCMF is administered by the New Jersey Department of Treasury. It invests pooled monies from various State and non-State agencies in primarily short-term investments. These investments include: U.S. Treasuries, short-term Commercial Paper, U.S. Agency Bonds, Corporate Bonds, and Certificates of Deposit. Agencies that participate in the NJCMF typically earn returns that mirror short-term investment rates. Monies can be freely added or withdrawn from the NJCMF on a daily basis without penalty.

At December 31, 2010, the municipality's balance was - \$ 1,318 .

**Custodial Credit Risk:** Pursuant to GASB 40, the NJCMF, which is a pooled investment, is exempt from custodial credit risk disclosure. The municipality does not have a policy for custodial credit risk.

**Credit Risk:** The municipality does not have an investment policy regarding the management of credit risk. GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or investments guaranteed by the U.S. government. The NJCMF is not rated by a rating agency.

**Interest Rate Risk:** The municipality does not have a policy to limit interest rate risk. The average maturity of the municipality's investments is less than one year.

**Note 7: SCHOOL TAXES**

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Township of Lebanon had elected in 1975 to raise local district school taxes on a calendar year basis.

Local District Tax and Regional High School Tax have been raised and liabilities deferred by statute (under provisions of C.63, P.L.1991, as amended), resulting in the school taxes payable set forth in the Current Fund liabilities as follows:

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 8: PENSIONS**

**Description of Plans** - All required employees of the Township are covered by the Public Employees' Retirement System or the Police and Fireman's Retirement System which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, obligations of the System will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System Fund and Police and Fireman's Retirement System Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

***Public Employees' Retirement System (PERS)*** - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

***Police and Fireman's Retirement System (PFRS)*** - The Police and Fireman's Retirement System (PFRS) was established as of January 1, 1944, under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Police and Fireman's Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

**Vesting and Benefit Provisions** - The vesting and benefit provisions for PERS and PFRS are set by N.J.S.A. 43:15A and 43.3B. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age.

The PERS and PFRS provide for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 8: PENSIONS (Continued)**

**Significant Legislation** - Legislation enacted during the year ended June 30, 1997, (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Township's normal contributions to the Fund may be reduced based on the revaluation of assets.

**Contribution Requirements** - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS and PFRS provide for employee contributions of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in PERS and PFRS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

<b><u>Three-Year Trend Information for PERS/PFRS</u></b>

**Note 9: POST-RETIREMENT BENEFITS**

P.L. 1987, c. 384 and P.L. 1990, c.6 required Teachers' Pensions and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c. 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in Fiscal Year 2009.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 9: POST-RETIREMENT BENEFITS-(Continued)**

GASB Statement #45 requires certain disclosures relating to governmental entities obligations for other post-employment benefits (OPEB), which are post-employment benefits other than pensions. The Municipality does not provide post-employment benefits other than pension. Healthcare provided to eligible PERS retirees through the NJ State Health Benefits Program are paid by the the State of New Jersey and as such, no municipal OPEB liability exists.

**Note 10: DEFERRED COMPENSATION PLAN**

The Township has a deferred compensation plan available to employees which has been established pursuant to Section 457 of the Internal Revenue Code and in accordance with applicable New Jersey Statutes and the New Jersey Administrative Code (NJAC 5:37). The Plan is fully contributory and the Township has no liabilities in conjunction with this plan.

**Note 11: LEASES**

The Township has not entered into any long-term lease agreements.

**Note 12: ACCRUED SICK AND VACATION BENEFITS**

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the liability related to unused sick pay.

The Township has permitted employees to carryover vacation, compensatory time, and sick pay, which may be taken off or paid at a later date. At December 31, 2010, the contingent liability associated with this benefit is estimated by management to be approximately \$122,218.

**Note 13: CONTINGENT LIABILITIES**

**GRANT PROGRAMS**

The Township participated in a number of state assisted grant programs administered at the state level. These programs, exclusive of the single audit concept, can be subject to program compliance audits by the grantors or their representatives. Accordingly, the Township's compliance with certain applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the Township expects such amounts, if any, to be immaterial.

**LITIGATION**

There are pending lawsuits in which the Township is involved. The municipal attorney estimates that the potential claims against the Township not covered by insurance resulting from such litigation would not materially affect the financial statements of the Township.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 14: OTHER REQUIRED DISCLOSURES**

Generally accepted accounting principles require disclosure of certain information concerning individual funds including:

- A. Summary disclosures of debt service requirements for all types of outstanding debt. This requirement is met by Note 3.
- B. Summary disclosures of changes in general fixed assets by major asset class. This requirement is met by Note 4.
- C. Summary disclosures of changes in general long-term debt. This requirement is met by Note 3.
- D. Excesses of expenditures over appropriations in individual funds. There were no excess of expenditures over appropriations in any of the individual funds where budgets were required or employed as a management control device.
- E. Deficit fund balances or retained earnings balances of individual funds. There were no deficits in fund balances or retained earnings in any of the individual funds, except as noted in Note 6.
- F. Individual fund interfund receivable and payable balances. All interfund receivable and payable balances outstanding at the beginning of the fiscal period were fully liquidated during the fiscal period, with the following exceptions outstanding at December 31, 2010:

<u>FUND</u>	<u>DUE FROM OTHER FUNDS</u>	<u>DUE TO OTHER FUNDS</u>
Current Fund	\$ 65,902	\$ 3,065,473

	<u>\$ 3,722,236</u>	<u>\$ 3,722,236</u>

**Note 15: RISK FINANCING**

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage. There were no significant reductions in insurance coverage from coverage in the prior year.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2010

**Note 16: OTHER POST-RETIREMENT BENEFITS**

Plan Description. The Lebanon Township contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 1991, Lebanon Township authorized participation in the SHBP's post-retirement benefit program through resolution.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at [www.state.nj.us/treasury/pensions/gasb-43-sept2010.pdf](http://www.state.nj.us/treasury/pensions/gasb-43-sept2010.pdf)

Funding Policy: Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Lebanon Township on a monthly basis.

The Lebanon Township contributions to SHBP for the years ended December 31, 2010, 2009, and 2008, were \$26,045, \$16,315, and \$14,748, respectively, which equaled the required contributions for each year. There were approximately nine retired participants eligible at December 31, 2010, 2009, and 2008.

## **GENERAL COMMENTS**

### **Scope of Audit**

The audit of the financial statements of the Township of Lebanon, County of Hunterdon, New Jersey, as required by the Division of Local Government Services, covered the financial transactions of the Treasurer, Tax Collector, the activities of the Township and the records of the various outside departments.

### **Contracts and Agreements Requiring Advertisement for Bids**

Effective April 17, 2000, N.J.S.A.40A:11-1 et.seq (Local Public Contracts Law) was revised by P.L.1999,c.440 (originally known as Assembly Bill No. 3519). Rules and regulations pertaining to the amended law are to be promulgated by the Division of Local Government Services.

N.J.S.A. 40A:11-3 is amended to read as follows:

- a. When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in the contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the governing body without public advertising for bids and bidding therefore, except that the governing body may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. (pending before the Legislature as section 15 of this bill) of section 9 of P.L.1971,c.198(C.40A:11-9) the governing body may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.
- b. Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (i) of paragraph (a) of subsection (1) of Section 5 of P.L.1971, C.198(C.40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.
- c. Commencing in the fifth year after the year in which P.L.1999,c.440 takes effect, and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.18A:18A-2(pending before the Legislature as section 50 of this bill), and shall round the adjustment to the nearest \$1,000. The Governor shall notify all municipal units of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made.

N.J.S.A.40A:11-4 (as amended) states, "Every contract or agreement for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law."

Effective July 1, 2010, the bid threshold in accordance with N.J.S.A.40A:11-3(c) (as amended) is increased to \$26,000.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township Counsel's opinion should be sought before a commitment is made.

The Minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.40A:11-5.

The system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not determine whether any clear-cut violations existed.

My examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory thresholds "for the performance of any work or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.40A:11-6.

### **Collection of Interest on Delinquent Taxes and Assessments**

The statute provides the method of authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become

The governing body, on January 6, 2010, adopted the following resolution authorizing interest to be charged on delinquent taxes:

“Be It Resolved that pursuant to R.S.54:4-67, the Township Committee of the Township of Lebanon, County of Hunterdon, and State of New Jersey, hereby fixes the rate of interest to be charged on all delinquent taxes for the year 2004 at the rate of eight (8) per cent per annum for the first \$1,500 and eighteen (18) per cent for amounts over \$1,500.

Be It Further Resolved, that notwithstanding the above provision, no interest shall be charged if payment of any quarterly installment is made within ten (10) days after the date upon which the same become payable according to the laws in such cases made and provided. If such payment is not made within the ten (10) days grace period, the above rate of interest shall run and accrue from the original due date of such taxes.”

Under provisions of C.75, P.L. 1991 (amending N.J.S. 54:4-67), enacted March 28, 1991, the definition of tax delinquency was defined as the sum of all taxes and municipal charges due on a given parcel or property covering any number of quarters or years. In addition, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed six (6%) per cent of the amount of the delinquency.

The governing body, on January 6, 2010, adopted a resolution enabling the \$10,000 delinquency penalty provisions.

The audit of the Collector's records on a test basis indicated no differences between the amount of interest payable on delinquent tax payments, based on our calculations, and the amount of interest charged.

**Delinquent Taxes and Tax Title Liens**

The delinquent taxes at December 31, 2010, include property taxes outstanding from the 2010 tax levy.

A tax sale was held October 19, 2010 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2010	17
2009	15
2008	14

**Verification of Delinquent Taxes and Other Charges**

Verification notices were mailed to confirm balances as of November 23, 2010. The items that were returned were compared to and are in agreement with the Township's records. For items not returned, alternative procedures were performed.

A test verification of delinquent charges and current payments was made in accordance with verification procedures approved by the Division of Local Government Services. A summary of such verification is as follows:

Type of Receivable - Real Property Tax Date of Circulars - November 23, 2010				
<u>Verification Type</u>	<u>Request Form</u>	<u>Total No. of Items</u>	<u>Total No. of Circular</u>	<u>Total No. Returned</u>
2010 Property Tax	Positive	2,954	100	35
2011 Property Tax	Positive	2,954	100	35
2010 Delinquent Tax	Negative	374	20	7

## Technical Accounting Directives

During the calendar year 1984, the Division of Local Government Services initiated as part of the Single Audit Law, a planned revision of the Requirements of Audit to provide new accounting requirements mandated for most local government units. The revision to the Requirements of Audit and Accounting would be in order to improve fiscal accountability for all local governments, satisfy federal-state audit requirements and enhance the credibility for New Jersey municipal accounting practices with federal-state funding sources and bond rating agencies. The new requirements for most local units started January 1, 1986, unless exemption, based upon amount of federal aid received and population size, was formally secured. The Division in 1988 notified those exempted municipal units of a transition requirement for fully implementation of all accounting directives beginning in the 1989 fiscal periods. The identity and compliance status of the Township of Lebanon to these new directives are as follows:

<u>Requirement</u>	FY 2010 Required

FINDINGS**

## SCHEDULE OF FINDINGS AND RECOMMENDATIONS

### GENERAL FINDINGS

#### Reportable Conditions

##### Segregation of Duties:

Because of a limited number of available personnel, it is not always possible to adequately segregate certain incompatible duties so that no one employee has access to both physical assets and the related accounting records, or to all phases of a transaction. Consequently, the possibility exists that unintentional or intentional errors or irregularities could exist and not be promptly detected.

Certain functions, including payroll preparation, are handled by one person. While this situation is not unusual in operations the size of the municipality, management should be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view.

My audit did not reveal any errors or irregularities resulting from this lack of segregation of employees duties and responsibilities.

##### Interfunds:

I noted various interfund balances at year end.

2010-1(\*) I suggest that all interfunds be transferred to their respective funds.

##### General Capital Fund Loans:

I noted that approximately \$632,000 in New Jersey Environmental Trust Loan proceeds have not yet been received by the Township.

2010-2(\*) I suggest that final documentation for related projects be filed with the proper state agencies for the collection of all outstanding loan proceed balances.

##### Grants Fund

I noted that \$31,283 was overexpended on the Highlands Grants.

2010-3 I suggest that the Township ensure controls are present to prevent overexpenditures in the grants fund by appropriating funds through the adopted annual budget or by subsequent
