### 2009 COMMUNITY WELL-TESTING DAY

Have you had your well tested lately? Did you know that the Hunterdon County Health Department recommends that residents test their well-water annually? We know you are busy, so Lebanon Township has a convenient, low-cost solution for you! Lebanon Township Environmental & Open Space Commission sponsors a Community Well-Testing Day every year through our partnership with the South Branch Watershed Association (SBWA). A member of the Lebanon Township Environmental & Open Space Commission will be available to transport the kits down to the lab pick-up point at the SBWA. The water testing is performed by Garden State Laboratories, a New Jersey certified laboratory. All test results are reported directly and confidentially to you, the resident.

Basic kits are \$50 and include a fecal coliform and nitrate test. Additional tests are available for the following additional fees:

## First Aid Squad

### First Aid Squad News

*“For as much as government can do and must do, it is ultimately the faith and determination of the American people upon which this nation relies. It is the kindness to take in a stranger when the levees break, the selflessness of workers who would rather cut their hours than see a friend lose their job which sees us through our darkest hours. It is the firefighter's courage to storm a stairway filled with smoke, but also a parent's willingness to nurture a child, that finally decides our fate... What is required of us now is a new era of responsibility -- a recognition, on the part of every American, that we have duties to ourselves, our nation and the world; duties that we do not grudgingly accept but rather seize gladly, firm in the knowledge that there is nothing so satisfying to the spirit, so defining of our character, than giving our all to a difficult task.”* – President Barack Obama, January 20, 2009.

If you were stirred by President Obama's call to give back to the community on Inauguration Day, but didn't know where to start, the Lebanon Township First Aid Squad has a good idea.

The Lebanon Township First Aid Squad is an all-volunteer, private, non-profit organization providing free emergency medical care within our community. We charge no fee for our services. We save taxpayers thousands of dollars each year in both medical fees and operation costs. The squad survives exclusively on donations from township residents. We are not supported by tax dollars.

The LTFAS, like all non-profit organizations, has been hit by the troubled economy. The United States Bureau of Labor Statistics reports that volunteerism is at an all-time low as are donations to charitable organizations, leaving many of the organizations struggling to provide services. We need you now more than ever.

There is a place for everyone in our organization. We need volunteers to manage facilities, finances, fundraising, human resources, marketing, operations, public relations, technology, any other role you would find in a modern business – and, of course, ambulance drivers and emergency medical technicians. Experience is a plus, but we offer the opportunity for free training. Many members have used their experience with the squad to make a career change or to enhance their resume or college application.

Other benefits of joining the squad include access to the Affinity Credit Union, insurance policies through Bollinger Insurance, free services from Deborah Heart and Lung Center, discounts from Dell Computer, discounted college tuition at Farleigh Dickinson University, scholarships, discounts with Verizon

Wireless and enrollment in Working Advantage, a program that provides discount tickets for movie theaters, theme parks, Broadway theaters, ski resorts, hotels, sporting events and more. If the volunteer decides to become an EMT they also have access to Blue Skies Life Insurance, free training through the EMT Training Fund, a subscription to Gold Cross Magazine, a Length of Service Award Program pension plan and the Volunteer Tuition Credit Program at Community Colleges, which allows volunteer EMTs and their eligible family members to receive up to \$600 of tuition credit for classes taken at New Jersey Community Colleges.

Of course, the best benefit of all is being able to give back to the community.

The squad meets the second and fourth Monday of the month at 7:30 PM at the squad building at 528 West Hill Road. Meetings are open to the public. For information, come to a meeting, email [info@19Rescue.org](mailto:info@19Rescue.org), visit [www.19Rescue.org](http://www.19Rescue.org) or call (908) 638-6851.

### 2009 First Aid Squad Leadership

The Lebanon Township First Aid Squad announces its leadership for 2009.

The line officers are Captain Ken Ader, Assistant Captain Tino DeSantis and Lieutenant Kathy Wisbeski.

The executive officers are President Andrea Hutchins, Vice President Laura Bilicki, Treasurer Donna Ader, Recording Secretary Daniela DeSantis, Corresponding Secretary Zoey Smith, Chaplain Brian Wunder and Training Officer Tino DeSantis. Trustees are Stan and Jan Decowski, and Doreen Ader. The Service Association President is Joyce Hallett.

The squad serves most of Lebanon Township and is a private nonprofit corporation that has been serving the community since 1968 with free emergency medical service.

Captain Ken Ader has been an EMT for 28 years. He has served as captain off and on for the squad during his over two decades of service. He was recently honored in 2007 making his 3,000<sup>th</sup> call. He has been featured in both the Newark Star Ledger and in the Hunterdon County Democrat for his dedication to his community. He follows in his mother Doreen Ader's footsteps. Doreen was one of the first EMTs in the state. The Aders have made the squad a family affair with Ken's wife Donna, his brother Bill Groff and his brother's partner Andrea Hutchins also serving.

The squad is looking for new members to keep their tradition of service alive. They need EMTs, drivers and volunteers willing to do everything from light office work to building maintenance. Residents interested in volunteering or just curious about the squad should visit [www.19rescue.org](http://www.19rescue.org).

### *A Look back at our Heritage ...*

*Lebanon Township Historian*

### **PROPOSED BUNNVALE RESERVOIR AND WATER SHED**

**November 19, 1931**

#### **State's Most Gigantic Reservoir to be Built in the Gorge at Bunnvale, Lebanon Township**

The future history of Lebanon Township and all the villages up the Raritan River Valley for fourteen miles was changed yesterday by a decision of the State Water Policy Commission, which is the forerunner of the largest project ever undertaken in New Jersey. More than fifty million dollars is involved in it. Starting just east of High Bridge at the (Ken Lockwood) Gorge bridge of the Branch Line of the Central Railroad in Lebanon Township, this Reservoir will eliminate Hoffmans Crossing, Califon. The only part of Califon to remain will be the Presbyterian Church and Cemetery, that being the highest ground and surrounded on three sides with water. From there, the reservoir will extend north into Vernoy and Crestmore in Hunterdon County, and Crestmore, Middle Valley, Long Valley and as far as Naughtright, Washington Township, Morris County.

#### **Proposal**

In 1920, the State empowered the State Water Policy Commission to purchase land and to erect a reservoir to supply drinking water for the cities in northeast New Jersey. Several sites were proposed. Chimney Rock, in Somerset County, Ralston in Morris County, this was the first to be eliminated, and two on the South Branch of the Raritan, on a dam at Vernoy, the other on a dam at Bunnvale or Gorge site. Test borings at Vernoy showed limestone, which the engineers felt was not a good foundation to hold a dam. The test borings at the Gorge site found good solid rock.

If constructed at the Gorge site, it will necessitate the destruction of more than five hundred dwellings, churches, stores and other buildings, exclusive of small structures and farm barns, bringing the total to somewhere around 1,000. More than 1,500 persons will be required to seek residence elsewhere than in the valley. More than 180 square miles of territory will be included in the area. The Musconetcong, the upper Spruce Run, Black River and a portion of the Rockaway Creek will be diverted to this reservoir.

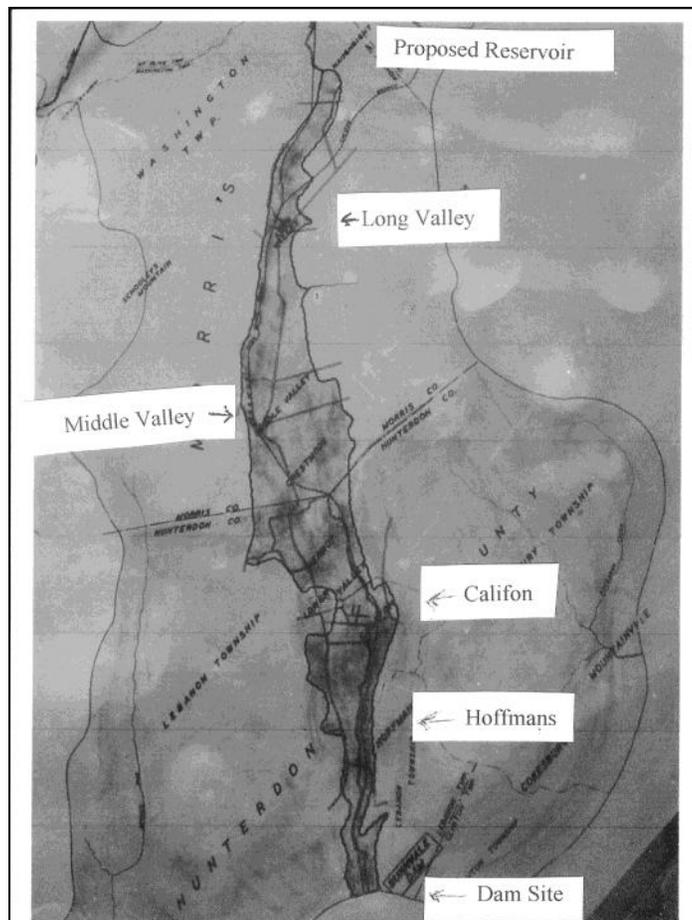

#### **To Tunnel Mountain**

A tunnel will pierce Schooley's Mountain from a point near Hackettstown to another near Naughtright to convey

Musconetcong water, while a shorter spur under the hills will bring Black River water from a point near Chester Furnace. No method of conveying Spruce Run water has been disclosed as yet. The Tidewater pipe line, which crosses the South Branch Raritan River at Vernoy, will be removed to below the dam. The Branch line of the Central Railroad will be relayed to between High Bridge and Glen Gardner, to follow the west side of the Reservoir. Two new towns will be rebuilt, Califon and Long Valley. Their new locations are currently unknown.

As you know, this was never constructed. The Governor A. Harry Moore was not in favor of the project. At first, the residents of the valley opposed it, however, as time went on, many were in favor. In the mid to late 1930's the project was dropped.

As a teenager growing up in Lebanon Township, I remember people talking about it.

## Library News

Spring brings many long-awaited pleasures to our community. Among the most popular is the annual Friends of Hunterdon County Library Book Sale. This year's event will take place on April 25-26 at the National Guard Armory on Route 12 in Flemington. Proceeds from the sale are shared with all of the libraries in the county system, so be assured that your support will benefit Bunnvale Library.

Our display cabinet showcases talented creations and unique collections from the members of our community. In March, Dillon Monahan will present a townscape made of Legos. April will feature Gayle Borovian's fairy houses. In May, Jeanette Sliker will offer her collection of Beatty's music.

Story Time for preschoolers, ages 2-5, is held on Fridays from 1:15-2:00 P.M. The spring session begins April 3 and continues through June 5. Pre-registration is required. Specific dates and complete information can be obtained at the library.

Since that time, hundreds of loved ones have been memorialized in the garden, through memorials that are recognized by plaques hung in the foyer of the Municipal Building.

The memorial plaques are now being updated. If you have a friend or family member who you would like to memorialize in the garden, please contact Eva Burrell at (908) 537-2424 or email [tomburrell@embarqmail.com](mailto:tomburrell@embarqmail.com).

### Open Cupboard Food Pantry Needs Your Help

Now that the holidays are long past and Spring is around the corner, it's important not to forget those less fortunate than us, who need our help year round.

The Open Cupboard Food Pantry remains dependent on our generosity and kindness. Please try to keep them in mind during those trips to the grocery store!

Donations of non-perishable foods, sundries and paper products may be brought directly to the Pantry, 81 West Main Street, High Bridge (908) 638-5773, or the Glen Gardner General Store, 58 Main Street, Glen Gardner (908) 537-2319. We have also added a third drop off location at the Bunnvale Library, open Wednesdays through Saturdays.

We are also seeking local farmers who may be interested in planting a couple of rows with us in order to provide fresh vegetables for a healthy addition to all those canned goods.

Many thanks to all of you. Your efforts bring relief and comfort and are so very much appreciated.

On behalf of the Open Cupboard Food Pantry and its Clients,

Thank you .... Shelly Baluta

### Exercise: A Necessity For Healthy Living

Why should you exercise? Exercise is essential to maintain overall good health. Did you know that 60% of American adults do not get enough exercise to gain healthful benefits? Even more alarming, the percentage of young people who are overweight has more than doubled in the last 20 years. The Hunterdon Health and Wellness Center can help you achieve your fitness and weight loss goals. "Adding exercise to your life will help strengthen your heart, improve blood circulation, tone your muscles, prevent osteoporosis, control your weight, lower blood pressure and cholesterol levels, and it will make you feel better about yourself," explained Tamra Campanella, Director of the Hunterdon Health and Wellness Center in Whitehouse Station and Clinton Township. In addition, exercise can also help fight disease and improve your quality of life.

The Hunterdon Health and Wellness Center, located in Whitehouse Station and Clinton Township, provides members with an innovative approach to exercise. "Since we are a medical fitness facility, and not just a fitness center, we identify and utilize our members' medical and family history in developing a program to suit their needs," stated Campanella. Campanella went on to say, "This allows our medical fitness professionals to create a dynamic and safe exercise routine. When medical consent is required, we communicate with members' physicians and integrate their recommendations into the program we're developing. This is a great way to promote optimal health and disease prevention, while incorporating a variety of exercise components."

The following are a few exercise tips to help make 2009 a healthier year for you:

1. Start an exercise routine slowly, then increase gradually over a period of time, approximately a 10 percent increase per week.
2. Try walking with a pedometer! Did you know 10,000 steps is the equivalent of walking five miles? It's true, and you will probably be surprised with the number of steps you take each day.
3. Vary your exercise routine. This is called cross-training. The different activities include all three aspects of fitness – cardiovascular, strength and flexibility.
4. Exercise with a friend to help keep each other motivated to keep going.
5. Set goals and reward yourself when you reach them. These goals should be specific, measurable, attainable, realistic and timely. For example, "I will ride my bike for 30 minutes three days this week".

The Hunterdon Health and Wellness Centers are located at 1738 Route 31 North in Clinton Township, (908) 735-6884, and 537 Route 22 East in Whitehouse Station, (908) 534-7600.
