

NEW GUIDELINES DUE TO COVID-19 FOR THE COLLECTION OF HOUSEHOLD HAZARDOUS WASTE

1. Please limit one person per household entering the HHW program location.
2. Please place items in the rear of the vehicle.
3. There will be no pour offs of containers. The way the waste is packaged is the way the waste will be unloaded. This limits the amount of time an unloader can be subjected to the driver. If gas cans are brought in the can will not be given back empty to the driver.
