To Whom It May Concern:

This letter is to inform you that Public Service Electric and Gas Company (PSE&G) is applying to the New Jersey Department of Environmental Protection (NJDEP), Division of Land Resource Protection for the above-referenced authorization in association with vegetation maintenance activities to be performed within the PSE&G Natural Gas Transmission System Rights-of-Way.

This letter is to provide you with legal notification that an application for an authorization under flood hazard area individual permit extension has been submitted to the New Jersey Department of Environmental Protection, Division of Land Resource Protection for the area shown on the enclosed map. The Flood Hazard Area Individual Permit Extension is requested to continue to authorize PSE&G the selective application of herbicide within the riparian zones of the PSE&G Natural Gas Transmission System Rights-of-Way.

The complete permit application package can be reviewed at either the municipal clerk's office in the municipality in which the site subject to the application is located, or by appointment at the Department's Trenton Office. The Department of Environmental Protection welcomes comments and any information that you may provide concerning the proposed development and site. Please submit your written comments within 15 calendar days of receiving this letter to:
