

# Paint with Felt

## March 25, 2025

### Adult Crafting Class

#### 10 am – 12 pm

**Feltmaking dates back thousands of years and was used to create clothing, blankets and other essential items. As time progressed, the art of needle felting developed where artisans would create 2D and 3D shapes by intertwining animal fiber such as wool.**

**In this adult crafting class, you will have the opportunity to “Paint with Felt”, using a dry needle felt process.**
